on the creation of a multicultural
**Community
Gathering Center**

What is the Community Gathering Center idea?

The need for the Center came out of visionPDX and the City's Immigrant and Refugee Task Force. Providing a space for cross cultural collaboration, community organizing and leadership development were commonly expressed interests. The Center would be a place for Portland's diverse communities to gather, interact and communicate.

What are the World Cafés?

The WORLD CAFÉS will provide a chance for Portlanders from different cultural backgrounds to explore how a new Community Gathering Center could benefit the entire community. They allow for small group discussions, creative thinking and artistic expression through drawing.

- Refreshments will be provided.
- Children are welcome; please tell us ahead of time how many children will attend and their ages.
- Do you speak English? If you have difficulty, please bring a friend or family member to help you communicate.
- People of all ages, abilities, cultures, races, ethnicities, orientations, etc. are encouraged to participate in the World Cafés.
- It is important to arrive on time to make the most of the event.
